(B) My friend Bobby has been off his meds

For seven years now

Says it ain't all hunky-dory but at least it's real

Sometimes the pain just races through his brain

Makes him squeal

I've been waiting on a rain cloud

I've been praying for a storm

That could make me feel

I can tell it's coming on I can feel it in my bones

My friend Genna loves her pills yeah

Says today's been pretty good

But it's gonna get better

She can't wait for the time

When her Paxil kicks in again

^C I've been waiting on a ^G rain ^D cloud
